The purpose of the "For the Children Campership Fund" is to enable children of families in financial need to hear of Christ's love through a summer camp program experience at Camp Omega*. Due to lack of funds, camperships will be considered only for campers intending to register for basic camp programs costing $300 or less. If amount requested exceeds $50.00, a letter giving formal recommendation of financial need from a representative of your congregation must accompany the application**. If you do not have a church home, please contact the camp office. Also, either write below or attach an additional page explaining your specific situation and financial need. Camp registration form must be received prior to or along with the campership application before application will be considered.*
